

Greetings Cutters!

I hope everyone has had a chance to put their boots up for a well-deserved break, and are now ready to shake off the winter, and get back to showing! Your ICHA association is gearing up for another great show here in Nampa, Idaho! We've been working very hard and have some exciting updates. Due to the popularity of our Spring Show in recent years (and the dreaded long days that brings), we have made arrangements with the Ford Idaho Horse Park to offer two shows pens to run concurrently so that everyone has a chance to show at a reasonable hour. Check out our schedule that gives all contestants a chance to show in pen #1. Show pen #2 will be set up

with the same quality show experience you've come to expect with premium footing, cattle handling and design. This will be a work in progress, so the schedule may be adjusted as needed to make sure the show runs smoothly.

We've also added a third go in the LAE classes with \$750 added money and as always circuit awards given in every class. We especially welcome our 15 AM and 35 NP friends! We will again offer the ICHA Challenger Series. The first leg of the series will be held on Saturday 3/22. Top three money earners in each class will win a vest and be eligible in the standings for the Champion Series Buckle! The second leg will be held at a BVCHA show (date TBA) but you must enter and show at both shows to be eligible for the Champion Buckle. All jackpot classes, including the youth will again be offered with fresh cattle! Special thanks to our Youth sponsor, Alex and Gina MacDonald, and Gold Buckle for their support of the Gabrielle Sanborn Memorial Youth Scholarship Program. Our youth classes will be held 3/21 and 3/22 on fresh cattle, competing for a total of \$2000 in scholarships and awards.

So, we look forward to getting together with our cutting family and friends, doing what we do best...Having a great time showing the ultimate athlete, our cutting horse!

Serving you, the membership,

Barbi Madgwick  
ICHA President
